Designed by experts, our age-appropriate activities help develop the cognitive, physical and social skills of children as they play. Our history; Gymboree began in 1976 when Joan Barnes, a mother from Marin County, California, tried to find a safe, fun place featuring age-appropriate activities for parents and young children to play together. Unable to do so, she did what any enterprising person would; she started her own program! We've been proudly inspiring parents and children ever since. All employees are part time. The seller has the listing on bizbuysell as well.

## ***Message from the owner:***

***“While Gymboree has been a wonderful part of my life, my children are older and my interests have changed. It’s important to find a new, passionate owner in which to trust this Gymboree center to because it’s been an integral part of children’s lives in Spokane now for 17 years”....Natalie Schlatter***

For a limited time only! Because I am highly motivated to pursue my new interest immediately, if you purchase this Gymboree center in time for the next franchise training beginning March 12 in San Francisco – I will make you a deal! A new Gymboree costs \$77k-\$291k to startup, and I will sell to you at \$60,000! If you are enthusiastic and interested in Gymboree – I will even accept payments versus a full buyout with cash or loan proceeds. You could walk into a turnkey business on your first day with classes and teachers in place in a top 500 franchise and start your rewarding career in an amazing company!

*“If you have considered owning your own business in a career where you are blessed with meeting wonderful families each day and enjoying your work – please act now and schedule a time to discuss with me”*
